# Senior Expo

**Friday, October 19, 2018**

**8:30 - 11:30 a.m.**

This expo is a great way for seniors and their families to learn more about the wealth of programs and services that are available to help them live healthier, safer and more fulfilling lives. The best part is that all of the information they need will be in one convenient location.

My staff and I always look forward to meeting with local seniors during the Senior Expo, and we hope to see all of you there!
